## Top honors for MOROCCANOIL®

After earning the praises of **Salon52.ca** and **the Stylist Choice Awards**, Moroccanoil® Treatment continues its award-winning tradition, being named one of the **Top 100 products of 2009** by **Chatelaine magazine**.

Judged by a panel of beauty and fashion insiders, including Chatelaine's senior style editor Sophie Banford and CityLine host Tracy Moore, Moroccanoil® Treatment received top honors as the hair serum of choice.

"A miracle hair-saver. I use [Moroccanoil® Treatment] before swimming to protect my locks and to minimize the harsh effects of blow-drying," writes Kate Daley, Chatelaine assistant style editor.

Fortified with essential nutrients Moroccanoil® Treatment delivers healing and relief to weak brittle hair. By repelling damage caused by chemical processing, styling and environmental factors, it successfully restores healthiness and strength. The UV guard protects from the sun's harmful rays, while the patented weightless formula prevents build-up so even the thickest strands become softer, shinier and easier to manage.
